NEW YORK, WEDNESDAY, DECEMBER 10, 1890.

IN TO-MORROW'S MORNING WORLD

(Metropolis Edition.)

PRICE ONE CENT.

WORLD'S" WELCOME

Formal Opening of Its New Home, the

Pulitzer Building, To-Night.

A Grand Reception to Thousands of Distinguished Guests.

Mayors-A Splendid Illumination.

Building, the corner-stone of which was into the country people will see the blazing the two first-named, and it is said even expectacle, and from a much longer distance.

London came very strong this morning and the two first-named, and it is said even expectacle, and from a much longer distance. brated to-night, with the assistance of one of the most distinguished companies ever heavens. brought together by any similar event. The tory, will be thrown open for the inspection

of several thousand invited guests from all Gov. Hill, of New York, will be one of a party of nearly twenty Governors, ex-Governors and Governors-elect who will be present. Included in it will be Gov. Abbets, of New Jersey; Gov. Jackson, of Maryland; Gov. Beaver. of Pennsylvania; Gov. Davis, of Rhode Island; Gov. Bulkely, of Connectient: Gov. Campbell, of Ohio: Gov.-Elect Pattison, of Pennsylvania; Gov.-Elect Morris, of Connecticut: Gov.-Elect Amsden. of New Hampshire: ex-Govs. Bedle and

Green, of New Jersey: ex-Gov. Hoadly, of Ohio, and 'x-Gov. Cornell, of New York. The Governors will each be escorted from their homes by a representative of THE WORLD, who will attend them upon their ar rival in this city, and, after seeing that ther

are comfortably placed at their hotels, will

bring them to the Pulitzer Building. At about the same time there will arrive bule cars engaged by THE WORLD to bring to this city the members of the Cabinet. Senators and Representatives who have ac cepted an invitation to participate in the exercises. The train will leave Washington late in the afternoon. It will include a dining-car and will be run over the Penn sylvania lines at a speed that is expected to shorten the record between the two cities, and to bring the party to New York by 9 o'clock. Carriages will convey the party to the Pulitzer Building.

There will also be present Mayor Grant and almost every city official of prominence and leading men in every walk of life in this

The entire party will then be excortethrough the whole building, which mean time has been thrown open for the enter-

ime has been thrown open for the entersinment of the thousands of other guests
if the evening, who will be shown through
the building by competent escorts.

As soon as the tour of inspection is finshed luncheon will be served. It will be incharge of Sherry, who has orders to provide
for the entertainment of 4.000 guests.

No better illustration of the architectural
perfection and colosasi stature of the Pulitzer
Building could have been given than that of
this noon, when no less than thitty-two men
were counted in the lantern surmounting the
dome, which appears to be about as 12 as a
four parter from the City Hail Park.

For an hour before noon mes-engers had
been arriving with baskets of wicker. Each
bestet contained from ten to twenty homing
carrier pigeons, from fanciers of Brooking,
Jersey City, Newark, and other points for
twesty-dve miles arout New York.

There were nearly one thousand rigeons, and

each was to carry a message from a great newspaper to its hundrads of thousands of

A committee of fanciers was present to superintend this novel event. The Committee comprised T. Fred Goldner, S. Von Moers and and J. H. Jackson, of Newark, and Joseph R.

sau street, there were throngs of people gathered to witness the greatest flight of pigeons ever seen in New York.

Every face was turned upward towards the

do his duty.

He Won't Lose So Much More Now the Board of Health is After Flesh During His Fast.

cents admission fee and looked upon Sig. Hoyanni Succi, the fasting wonder, during the thirty-four and a half days since he dined, which means that \$2,505. 25 have dropped into the till at the Hall of Starvation since Nov. 5. It means, also, that Signor Succi would be now another Tammany Board has directed its more than \$200 out of pocket on his American attacks on the vulnerable Commissio venture if the fast were to be ended to-day, for he had spent \$2,000 in the six weeks of his sojourn here prior to the fast. He lived in the Mayor, and that body, as the guardian of royal style at the Windsor Hotel, and dined the city's health and the enforcer of its santand wined many medical, scientific, newspaper and manegerial savans during that time.
And since the fast began he has been to the expense of a physician, manager, lecturer and

several attendants. when the secondary part of the operation will For several days this fasting man has been be performed. This consists of the removal worried by his slarming loss of fields. It was quite contrary to his experience in his thirty four preceding fasting tests, and quite beyond

list expectations.

To-usy he was cheery and full of nope, and for the beneat of Miss Marguerite St. John, who was one of his callers, he struck his heels together twhe as he leaped into the sir. Miss St. John is an accomplished French scholar, and she charmed Succi by a lively chat in French, at the end of which the tra-sped starver saliantly oreserbed the actress with his portrait and sutograph.

Those who still inaist that Succi is a fraud should be silenced by the attentive interest which such eminient physicians as Ram'n Guiterss, H. V. Widman, W. L. Bauer, F. II. logram, N. W. Lynde and others evince in the experiment.

The indications for over two weeks have

seemed to show that the union had begun, but
just how far it has become perfect is yet considerable of a mystery.

Human tones have required two and even three months to become perfectly united, and while the union of two live bones may be sewhile the union of two live bones may be sewhile the union of two live bones may be sewhile the union of two live bones may be sewhile its normal; his pulse was strong and full

while the union of two live bones may be accomplished in less time than that, it is not considered probable that the flush operation will be performed on Johnnie's leg for weeks to comet.

The enter operating surgeon declines to talk of the case "until be is ready." Another surgeon, whose opinion in the matter is emitted to great consideration, however, told an Exercise World reporter, that it would not of complete surgeous were view, two ounces Croton and four owners of flush water. Besides this he swallowed ten ounces of his

bondamen, refused to consent to such an arrangement, the Government was compelled to from the case, and the jury brought in a verdict of "Not guilty."
